## **In-Home Services Learning Objectives**

**Upon completion of this training institute, participants will:**

1. Understand the relationship between sovereignty and creating systems of care approaches that maximize scarce resources.
2. Distinguish between braided and blended funding approaches to sustaining family-centered services for tribal children.
3. Be able to find, review, and assess potential funding sources to support eight core elements of in-home services to tribal families and children.
4. Determine the appropriateness of available funding sources to their tribal child welfare program.
5. Understand the importance of engaging service partners and other tribal entities in the development of a system of care.
